NEWS
OF THE
TOWN

BALL POSTPONED.—The ladies of the Woodmen Circle have decided to postpone their ball to December 2, as Company A. N. G. A. has fixed November 24 for the date of its dance.

LICENSED TO WED.—A marriage license was issued yesterday to John P. McFarland and Susie Eubie, both of this county. The marriage will be solemnized tomorrow by Rev. S. L. Guthrie. A license was also issued to Emilio Herrera and Ernesta Garcia.

MAY END TODAY.—The Cardin case will probably end today. The testimony for the defense was concluded yesterday and the plaintiff began to put in evidence in rebuttal. That will be finished in a half hour this morning, when the arguments will commence.

FIRST CAR OF ORANGES.—The first carload of oranges of this season were shipped out of the valley last night. They were sent by Mr. W. J. Murphy via the S. P. & P. and were consigned to Chicago. This is, perhaps, the first car of oranges moved in the United States this year.

REED'S NEW BUILDING.—Plans are now in the hands of the contractors for the improvements which Joe Reed will make in his building. The building will be enlarged and a large plate glass front will be put in. The Alhambra company will occupy the building as soon as it is completed.

PHOENIX MAN'S SUCCESS.—A letter was yesterday received from J. C. Kellum who is now in Alaska which conveyed the information that Mr. Kellum had been appointed private secretary to Major Walsh of the mounted police. Mr. Kellum went to Alaska a year ago from Phoenix.

GOES TO FLAGSTAFF.—J. H. Holmes has purchased a lumber yard in Flagstaff and he left last night for that place to take charge of his new business. Mr. Holmes was manager of the Saginaw Lumber company in Phoenix for several years. The family of Mr. Holmes will follow him to their new home in a few days.

THE LEGISLATURE.—If the twentieth legislature is not republican it will almost certainly be a tie. It is now certain that Wright has been elected in Pinal county for the council and one of the two republican members will likely be a republican. According to present calculations that will make the lower house divide even.

KNIGHTS TEMPLAR CONCLAVE.—Captain Parker, Dr. Beldin and Bruce Perley left last night on an overnight trip to Globe to be present at the grand convocation of the Knights Templar to be held at that camp soon. A number of Phoenix people will go by the rail route owing to the low rate which has been made by the railroads for this meeting.

DIED SUDDENLY.—William Travers, an old prospector, died suddenly last night at Sincum's ranch three miles out of town on the Black canyon road. Travers was in town on Thursday. He was taken suddenly sick yesterday evening and Mr. Sincum came to the city after a doctor. When he got home Travers was dead. The officials were notified last night.

THE COUNTY ELECTION.—No new developments occurred in the matter of doubtful candidates yesterday. There are now, by the way, only two who can be called doubtful, Burk and Murray, for Price is undoubtedly elected over Stout for supervisor. The Burk-Murray matter cannot possibly be settled before an official count, and it may not be settled then.

A JOLLIFICATION.—A meeting of the Young Men's Republican club will be held at the court house next Monday night to ratify the election. The club performed a noble service last Tuesday and throughout the campaign. It was largely contributory to the success of the republican ticket in this county and there is a general impression that it is eminently proper for the young republicans to engage in a well earned jollification.

AN UNCONFIRMED REPORT.—Assistant Manager Wells of the S. P. & P. railroad, accompanied by Mr. Hawley, Mr. Garretson and Mr. J. J. Sarmiento, auditor of the S. P. & P., arrived at Hot Springs Junction Thursday night in Mr. Wells' private car and started out early yesterday morning on a hunting and sightseeing trip to the Castle Creek hot springs. The report that seven deer out of one bunch were killed by this party remains unconfirmed.

UNDER FALSE COLORS.—When J. B. Kennedy or John Doe was discharged in Justice Johnston's court the other day, having been acquitted of a charge of violating the election law by trying to vote without a right, certain Hy McDonald, who arrested him, was disappointed. "That's all right," said he to the retiring Kennedy or Doe; "I don't know what your name is and I don't care. I don't care if you vote the republican ticket once or a dozen times on the same day, but what made me hot was your trying to vote while you were wearing a 16 to 1 badge."

SENATOR DORSEY'S CAMP.—R. Toohy yesterday sent a twelve-horse train out to Senator Dorsey's new camp near the Marqua Hala mine with provisions for the camp. Three wagons were heavily loaded during the day and the train did not get started until late in the afternoon. The new camp just established by Senator Dorsey is called Del Monte, and the mining properties of the senator include fourteen contiguous mines.

all gold producers. Development work has just begun with seventy-five men employed. Senator Dorsey has already placed an order for a large stamp mill, and Del Monte will soon become one of the great gold producing mines of the territory. The new camp is located about half way between Harrisburg and the Marqua Hala mine. Senator Dorsey is expected to arrive in Phoenix in a few days.

DEATH OF AN ACTRESS.

"Virginia Dress" Succumbed to Disease in Phoenix Yesterday.

Mrs. G. F. Postlethwaite died in this city yesterday morning. Until the end of the last decade Mrs. Postlethwaite, whose stage name was Virginia Dress, was a favorite among theater goers. She made her debut in St. Louis twenty years ago and almost instantly developed so great talent that she was welcomed into the Daly company. She never played with any other, and it is a remarkable fact that she knew no other actor or actress than those who had been with Daly. She early became the understudy of Ada Rehan and the company of nearly all of those who are now delighting the metropolis in Cyrano de Bergerac. She left the stage ten years ago to marry Mr. Postlethwaite, a younger son of a noble English family, and now a capitalist of New York. Two years ago her health left her and she began a weary and hopeless journey in quest of it. She traveled everywhere. She spent last winter in Colorado and last summer in the east. She came to Phoenix a month ago accompanied by her brother, Mr. Hamilton Murphy of New York, and two of her six children. She was bright and cheerful and it was feared that she was deluded by a hope of getting well. But she was at no time deceived. On Thursday night her physician knew that she must die within forty-eight hours, and he tried to tell her that the end was so near. He was sent for yesterday morning. She was sweeter and brighter than ever. Said she: "I have felt for a long time that death could not be far away. I realize now that it is at hand. I have not much to say, but I wish to thank you for what you have tried to do for me. You have spared me much bodily pain." She died soon after. The body was embalmed and last night her brother started home with it.

PERSONAL MENTION.
H. J. Sisty, accompanied by Slater Monroe, left last night for a mine in which the former is interested in Yavapai county.

Governor and Mrs. Murphy and Dr. and Mrs. George W. Vickers left last night for Castle Creek hot springs to be gone for two or three days.

AN IMPORTANT DIFFERENCE.
To make it apparent to thousands who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a coactive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

Man With a Presidential Appointment Gets Into Serious Trouble.

New York, Nov. 11.—William A. E. Moore, who has been serving at the Grenoble hotel, with his wife, Bayne Moore, were arrested by central office detectives last night on the charge of attempted extortion and blackmail. Martin Mahan, the proprietor of the New Amsterdam hotel, is the complainant, and charges the prisoners with having blackmailed him out of \$107 and a diamond pin and with attempting to extort an additional \$5,000. Moore had in his possession the appointment by President McKinley as United States consul to Durban, Indian river, South Africa. His wife is said to be the daughter of ex-Chief Justice Strahan of the supreme court of Oregon, her home being at Salem, Ore.

Moore said he had not yet gone to the station in South Africa to which he had been appointed, as he expected another appointment in place of it as consul in Budapest. His home is said to be in Cleveland.

CORBETT-FITZSIMMONS FIGHT.

A Realistic Representation of It Will Be Given Next Week.

The people of Phoenix who received the news of the great Corbett-Fitzsimmons contest with such interest will be given an opportunity next week to witness the fight just as it came off at Carson City. Wherever the veriscope has appeared the greater portion of the audience was composed of ladies, and the management extends a cordial invitation to the ladies of Phoenix to be present next week at the Paton Grand opera house, and every assurance is given that the entertainment is of the very highest order throughout.

Probably next to the knock-out, blow itself, the most interesting part of this reproduction is the preliminary arrangement taking place in the ring immediately after Corbett and Fitzsimmons have appeared. The official announcer is acted as speaking from the different sides of the ring, informing the assemblage of the terms and conditions of the contest. He then is seen introducing Fitzsimmons and Corbett. He then introduces the official referee and referees through the ropes. The gloves are then examined by the sheriff, a doctor reports his examination of the men to be perfect. The referee then orders the men to put on the gloves; then they are ordered to shake hands. Corbett is willing and is seen to cross the stage and offer his hand. Fitzsimmons refuses, and both men return to their corners. Both men are seen standing awaiting the sound of the gong for the contest, which means so much to them, to begin, and the official timekeeper is plainly seen as he rings the gong for the battle to commence. And these two

men are seen to spring toward each other to settle, not only the championship of the world, but as bitter a personal hatred as could possibly exist between two men. In the sixth round an intensely interesting feature is portrayed, that of Fitzsimmons sinking to his knees under the shower of blows rained upon him by his opponent W. K. Wheelock, who was the manager of this affair, and who, in connection with Dan A. Flinn, the promoter of the enterprise, will personally superintend this reproduction, and will explain before the curtain all of the most interesting scenes and details.

FOUR HOME PROBLEMS.

We are accumulating problems as fast as Pido acquires fleas. Problems in Hawaii, problems in Cuba, problems in Porto Rico, problems in the Ladrones, and now hurrah for 10,000,000 breechlock perplexities in the distant Philippines! Are there no home problems crying for solution? Indeed, there are a few. Problem 1—The Indians. Read a "Century of Dishonor" in the light of the recent Pillager uprising. Problem 2—The boss. Note his domination of New York and Pennsylvania politics. Problem 3—Capital and labor. This problem is not beyond the shotgun stage in Illinois. Problem 4—The black man. Eleven are dead and four wounded as the result of a race war in Scott county, Miss. And there are others.—Detroit Free Press.

DIED IN AN EXPLOSION.

Hanover, Mass., Nov. 11.—Fire in a store today was followed by a terrific explosion which blew out the sides of the building, killing four men. Over a dozen were injured.
